Based on meter reading for the quarter.
 First 6,000 gallons are free.
 Charged \$1.54 per thousand gallons over 6,000.
 $14,000 - 6,000 = 8,000$ ($\$1.54 \times 8 = \12.32)

Flat fee; pays for maintenance & repairs of water mains and meters.

Flat fee; pays for plant operation and administration plus about \$10 to save up reserves for plant improvements needed in a few years.

Based on water meter reading. Charged \$1.16 per thousand gallons.
 In summer, based on the average of the December and March bill.
 $(\$1.16 \times 14 = \$16.24)$

Flat fee; pays for plant operation, administration and maintenance of sewer mains.
