

## Brownfields Redevelopment & Renovation Programs You Can Use

**Brownfields:** Former industrial sites, gas stations, dry cleaners, junkyards, mining-related sites, and landfills. Every community in Colorado has them. The good news: these sites can be cleaned up and transformed into great community assets. Join us for a FREE fun and interactive workshop to learn how!

This workshop will cover:

- Why redevelopment matters,
- How to identify a brownfields opportunity site,
- How to prioritize sites,
- How to leverage brownfields sites to achieve community goals, and
- The resources to get it done!

Speakers: Jesse Silverstein | Development Research Partners  
Mark Rudolph | Superfund, Brownfield's and Voluntary Cleanup, CDPHE  
Jillian Sutherland, AICP | Community Builders

When? **June 27, 2018**  
Time? **9:00 am – 12:30 pm**  
Where? **Steam Plant Event Center**  
**220 W. Sackett Avenue, Salida, CO**

If you have time after the workshop, the presenters will be available to visit with you about your site and concerns - no strings attached!

Registration is FREE: <https://tinyurl.com/y9cl3lzf>
