Brownfields Redevelopment & Renovation Workshop
Wednesday, June 27th, 2018
Steam Plant Event Center
220 W. Sackett Avenue
Salida, Colorado

- 9:00AM** **Why Redevelopment Matters**
Jillian Sutherland, Community Builders
This session will cover shifting approaches to economic development and why a renewed focus on redevelopment in our communities is crucial to success.
- 9:30AM** **What is a Brownfields Site?**
Jesse Silverstein, Development Research Partners
Learn what a brownfields site is (and is not) and why that matters.
- 10:00AM** **Prioritizing Opportunity Sites Exercise**
Jillian Sutherland & Jesse Silverstein
Communities often have A LOT of brownfields! Which ones should your community focus on first?
- 10:30AM** **Break**
- 10:45AM** **How to Leverage Brownfields Sites**
Kyle Sandor, Colorado Department of Health and Environment & Jesse Silverstein, Development Research Partners
Learn about the state and federal resources available for brownfields redevelopment and approaches for how to make it happen.
- 11:15AM** **Smelter Town: A Case Study & Site Visit**
Mark Rudolph, Colorado Department of Health and Environment & Jesse Silverstein, Development Research Partners
Brownfields are often rich with history. Learn about past efforts to clean up Smelter Town and good next steps for the site. The session will conclude with a visit to a nearby brownfield in downtown: an old mill site.
- 12:30PM** **Go Get Lunch in Downtown Salida!**
We will provide a list of great options.
