CONSTRUCTION AGREEMENT

THIS CONSTRUCTION AGREEMENT is made this ___ day of _____, 20___, by and between _____ (hereinafter referred to as "Contractor"), and the City of Salida, Colorado, a Colorado municipal corporation (hereinafter the "City").

WITNESSETH:

WHEREAS, the City desires that Contractor perform the duties of general contractor for the construction of certain improvements, namely the _____ (hereinafter the "Project"); and

WHEREAS, Contractor desires to perform such duties pursuant to the terms and conditions provided for in this Agreement; and

WHEREAS, the parties hereto desire to set forth certain understandings regarding the Project in writing.

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Statement of Work. Contractor agrees to manage and supervise the construction of the 2017 SALIDA SCOUT HUT RENOVATION PROJECT located in the City of Salida, Chaffee County, Colorado, as directed by the City and pursuant to the City of Salida Public Works Manual and according to the plans and specifications approved by the City. Contractor shall (a) furnish all tools, equipment, supplies, superintendence, transportation and other construction accessories, services and facilities; (b) furnish all materials, supplies, and equipment specified to be incorporated into and form a permanent part of the complete work; (c) provide and perform all necessary labor in a substantial and skillful manner and in accordance with the provisions of this Agreement; and (d) execute, construct and complete all work included in and covered by this Agreement.

2. Time of Commencement and Completion. Construction under this Agreement will begin no sooner than **March 13, 2017** and shall be completed by **December 31, 2017 ("Completion Date")**. The Completion Date may, at the City's sole discretion, be extended if approved by the City in writing, but in no event may the Completion Date extend beyond **February 1, 2018**. If, due to misconduct or neglect, Contractor fails to complete the Project on or before the Completion Date, the City may deduct liquidated damages in the amount of \$.01% of the contract price per day for each day Contractor works beyond this date. It is understood by Contractor and the City that actual damages caused by Contractor's failure to complete this Agreement on time are impracticable or extremely difficult to fix, and that the per diem deduction from the contract price will be retained by the City as payment by Contractor of liquidated damages, and not as a penalty.

3. Compensation. City shall pay and Contractor shall receive the contract price of \$_____ as stipulated in the Notice of Award, attached to this contract as Exhibit A and incorporated herein by this reference, as FULL compensation for everything furnished and done by Contractor under this Agreement, including all loss or damage arising out of the work or from the action of the elements; for any unforeseen obstruction or difficulty encountered in the prosecution of the work, including increased prices for or shortages of materials for any reason, including natural disasters; for all risks of every description associated with the work; for all expenses incurred due to the suspension or discontinuation of the work; and for well and faithfully completing the work as provided in this Agreement.

Contractor shall submit weekly progress reports to the Public Works Director or his designee showing actual costs incurred and work completed. Contractor shall also submit to the City monthly draw requests for all authorized costs incurred up to that date for the Project, if the time for the work exceeds one month. Upon review and approval of the progress reports and draw request(s) by the Public Works Director or his designee, the City agrees to pay Contractor the amounts shown on all draw requests, minus a ten percent (10%) retainage for any payments other than the final payment, no later than the fifteenth (15th) business day following the date the draw request was submitted. - C. Contractor shall provide all facilities and assistance required or requested to carry out the

work of supervision and inspection by the City, including soil and material tests.

- D. Inspection of the work by the above-mentioned authorities or their representatives shall in no manner be presumed to relieve in any degree the responsibility or obligations of Contractor.
- E. No material of any kind shall be used in the work until it has been inspected and accepted by the City. All rejected materials shall be immediately removed from the premises. Any materials or workmanship found at any time to be defective shall be replaced or remedied at once regardless of previous inspection. 8. Performance Bond. To secure performance of Contractor's obligations under this Agreement, the Contractor shall provide the City with a Performance Bond in the amount of the full contract price. The Contractor shall provide the form of the Performance Bond to the City for its review and approval. The City shall be authorized to draw upon the Performance Bond to correct any default by Contractor under this Agreement, which default shall be determined and substantiated by an Affidavit of Default signed by the City Administrator. Contractor shall pay all fees and charges incident to the due and lawful prosecution of the work contemplated by this Agreement, and any extra work performed by Contractor.

13. Termination. The City may, at its sole discretion, terminate this Agreement without liability in the event that Contractor fails to provide the Performance Bond and/or Payment of Labor and Materials Bond, Certificates of Insurance required by Paragraph 7, or otherwise fails to meet the conditions precedent to issuance of the Notice to Proceed set forth in Paragraph 10 above. The City may also, at its sole discretion, on one week's notice to Contractor, terminate this Agreement without liability before the completion date, and without prejudice to any other remedy the City may have, when Contractor defaults in the performance of any provision, or fails to carry out the construction of the Project in accordance with the provisions of this Agreement.

14. Substantial Completion / Acceptance. The date of substantial completion of the Project shall be a date mutually agreed upon by the City and Contractor. In the event that the City and Contractor do not reach an agreement as to the date of substantial completion, the Salida City Council shall determine such date. Upon the date of substantial completion, Contractor shall certify in writing that substantially all improvements described in the Statement of Work have been completed in conformance with the plans and specifications and submit to the City a completed substantial completion list utilizing a form approved by the City. Thereafter, and within thirty (30) business days after a request for final inspection by Contractor, the City shall inspect the Project and notify Contractor in writing and with specificity of their conformity or lack thereof to the plans and specifications. Contractor shall make all corrections necessary to bring the Project into conformity with the plans and specifications. Once any and all corrections are completed, the City shall complete a Project Acceptance Form and promptly notify Contractor in writing that the Project is in conformance with the approved plans and specifications, and the date of such notification shall be known as the Acceptance Date. The Acceptance Date shall coincide with the commencement of the one year warranty period described in Paragraph 15 below. Within thirty (30) days of the Acceptance Date, the City shall pay Contractor the amount shown on the final draw request; provided, however, that the amount of funds left from the contract price specified in the Notice of Award are sufficient to cover this amount.

15. Warranty. Contractor shall warrant any and all improvements constituting the Project constructed for the City pursuant to this Construction Agreement for a period of twelve (12) months from the Acceptance Date as set forth in Paragraph 14 herein. Specifically, but not by way of limitation, Contractor shall warrant that:

- A. Any and all improvements constituting the Project shall be free from any security interest or other lien or encumbrance; and
- B. Any and all structures so conveyed shall be free of any defects in materials or workmanship for a period of one (1) year, as stated above.

16. Corrections to Project. If, within one (1) year after the date of substantial completion, any of Contractor's work on the Project is found to be not in accordance with the standards set forth in the preceding Paragraph 15, Contractor shall, at Contractor's expense, correct it promptly after receipt of a written notice from the City to do so unless the City has previously accepted such condition. Such notice shall be either delivered personally or by overnight express courier, or sent by registered or certified mail, postage prepaid, return receipt requested, and must be received by Contractor as soon as practicable after the City discovers the defect or the loss or damage caused by such defect, but in no event later than the date that the warranty given hereby expires.

17. Modifications. The City may modify this Agreement with respect to the arrangement, character, alignment, grade or size of the work or appurtenances whenever in its opinion it shall deem it necessary or advisable to do so. Contractor shall accept such modifications when ordered in writing by the City Administrator or his designee. Any such modifications shall not subject Contractor to increased expense without equitable compensation, which compensation may be approved by the City pursuant to its Purchasing Policy. If any modification results in a decrease in the cost of work involved, an equitable deduction from the contract price shall be made. These deductions shall be determined by the City Administrator or his designee. The determination of any such additional compensation or deduction shall be based on the bids submitted and accepted. No modifications in the work shown on the plans and described in the specifications shall be made, unless the nature and extent of the modifications has first been certified by the City in writing and sent to Contractor.

18. Attorneys' Fees; Survival; Costs of Collection. Should this Agreement become the subject of legal action to resolve a claim of default in performance by any party, including the collection of past due amounts, the non-prevailing party shall pay the prevailing party's reasonable attorneys' fees, expenses, and court costs. All rights concerning remedies and/or attorneys' fees shall survive any termination of this Agreement.

19. Governing Law. The laws of the State of Colorado shall govern the validity, performance, and enforcement of this Agreement.

20. Assignment. This Agreement may not be assigned without the prior written consent of the non-assigning party.

21. Amendment. This Agreement shall not be amended, except by subsequent written agreement of the parties.
