**Downtown Parking Study Open House at the SteamPlant – August 29 6-8 PM**

*Salida, CO* – Drop in anytime between 6 and 8 PM on Thursday, August 29<sup>th</sup> at the SteamPlant, 220 W. Sacket, to learn more about the current state of parking demand and supply in downtown Salida. We need to hear from you about your experiences both good and bad parking downtown. Last June the city hired Walker Consultants who are experts in the field of parking analysis. Their representatives and city staff will be available to record your thoughts and present preliminary findings. Some come and park yourself at the SteamPlant for a spell, talk about parking and enjoy refreshments.

There will be other opportunities for community input as recommendations are formulated in September and October.

For more information contact Glen Van Nimwegen, Community Development Director at 719.530.2631 or [glen.vannimwegen@cityofsalida.com](mailto:glen.vannimwegen@cityofsalida.com).
