

March 25, 2020

While it has been just two weeks since the State of Colorado and our Federal Government declared State & National Emergencies the consequences of COVID-19 pandemic have hit our Small Businesses and Community hard. Life has changed as we know it and finding answers to questions and business support have been difficult to locate or confusing. [Please click to download FREE COVID-19 Small Business Response Resources Guide.](#) Helping businesses in Colorado respond to the current health crisis with answers, links and support so that they can make clear decisions on the next steps they can choose for their business.

If your small business or non-profits that still have questions unanswered The Colorado SBDC network collaborates with the Office of Economic Development and other state and federal agencies to provide you the latest COVID-19 small business response resources. [Click here for the most current daily updates and links to program assistance.](#) This page will be continuously updated. Check back often for new information. Our local Central Mountain SBDC regional office serving Chaffee, Lake and Park counties can assist you with free confidential consulting to further answer small business questions, help with applications and forms, EDIL Loans, other financial support and unemployment questions, needs and programs. [We haveTEN local consultants trained and available to help click here to request an appointment](#) or email info@centralsbdc.org.

The Colorado Small Business Development Center Network (SBDC) is here to help businesses affected by recent disasters in Colorado, including how to respond to the current health crisis. Our consultants and partners—including the U.S. Small Business Administration (SBA)— provide services to assist with disaster loan applications, long-term planning, insurance navigation, physical and economic loss estimations, business preparedness and more. Please reach out to us today to help you during this crisis. **Be prepared not scared.** <https://ColoradoSBDC.org/covid>
